### **HOW GOOD IS YOUR MEMORY?**

How many of the following messages can you remember from recently posted Action Posters?

- Let's get the rough jobs over with putting them off only makes them harder.
- Concentration prevents mistakes.
- Let's never be afraid to try! Learning a new skill might yield a lifetime of opportunity!
- Care, Quality & Service add up to satisfied customers and better jobs!
- Sharing the burden lightens the load Let's lend a hand wherever we can!
- · Let's not give up 'till the job's done right!
- Let's make it a point to be on time! Even a few minutes can make a difference!

Let's all get behind the effort to put these messages into practice. By using them we're each taking positive steps to help increase productivity, reduce costs and improve quality!!

Why Blow 17?

Drunk driving costs big money. The very least you will pay is \$2,000; you may pay as much as \$10,000. But drunk driving can cost you more than money. You can lose your job, your reputation, and your peace of mind.

Knowing your limits Can save a life is even smarter than knowing the price. The Governor's Task Force to Reduce

A dual four (4) wheel power and free monorail system is currently under construction on our main assembly floor. The magnitude of assembly marks an historic event for Wheelabrator. The machine is designed to deflash aluminum transmission housings at a rate of 450 per hour.
