IT USED TO BE that Papa dealt out discipline to Junior with a stern and heavy hand. Then the electric razor supplanted his razor strap; the furnace supplanted the woodshed and tax worries took away his hair and hairbrush. That's why kids are running wild today. Dad lost his weapons.

WINNER of the six footer — stocking, that is — was **Don Bare**, Welder.

ON THE JOB . . .

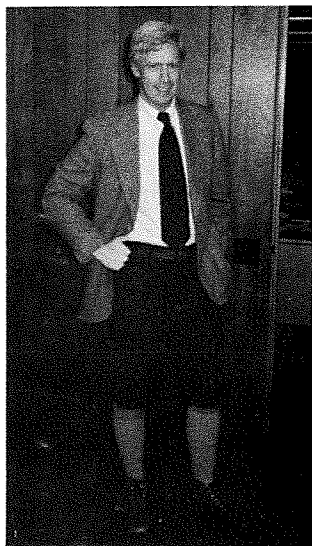

DENNIS LEE CARTER, Core Maker-Foundry, has 12 years of company service. A native of Mishawaka, Denny spent four years in France — back in '58-'62 — compliments of the U.S. Army. There he not only learned the language but met his bride-to-be, Marie. They have two sons and a daughter. When not doing his thing here at Wheelabrator, Denny finds relaxation in fishing and hunting.

RENA L. LESTER, Clerk, began her Wheelabrator career almost 20 years ago in the Abrasive Sales Division, now known as Supply Sales. Rena and her husband, Chuck, have raised two sons and two daughters and have a granddaughter, whom we're told — with grandmotherly pride — "is the apple of my eye." In addition to listing music and reading as interests, Rena enjoys travel in her travel trailer and is an enthusiastic and loyal bicyclist.

What Is It They Say? . . .

Neither wind, nor rain, nor snow, nor sleet . . . Jim Cooke, Field Sales Manager, donned his hiking boots and all-purpose wooly hose and proved that the elements were no match for our sales force during last week's big snow — with chill factor temperatures equal to 48° below zero!

WOULD YOU BELIEVE? . . . It's time to think about enrolling for Spring '78 evening classes at IUSB. A schedule of classes is now available in Personnel. Also inquire about Wheelabrator's Tuition Reimbursement Program. Contact Personnel NOW!

A MOTHER asked her six-year-old son what loving-kindness meant. "Well," he said, "when I ask you for a piece of bread and butter and you give it to me, that's kindness. But when you put jam on it, that's loving-kindness."

CRAZY DOODLES . . . Faithful and loyal readers of the *Wheelagram* have observed that from time to time our back page sports one or more column inches of "white space." It has come to the editor's attention that this space is often used for doodles and, in fact, samples have been sent in for our review. Mindful of the talent that abounds here in the M.O. and in the field, we hereby invite you to submit your doodles to the editor. The criteria being a signed doodle on a *Wheelagram* whenever white space exceeds 3 or more inches. We will have monthly contests to be judged by members of the Marketing Communications staff. A small, but tasteful, prize will be awarded.
