ACCOUNT SALES ENGINEERS "PLAY BALL" . . . A sales contest, built around a baseball theme, has been announced by Parts Sales. The contest is designed to increase our sales of wheel tune-up kits, have a little fun, and reward effort with added incentive. Each man is a member of a team in one of the two leagues — all competing for pennant and series bonuses, as well as prizes for individual performances. Standings will be announced throughout the season in the *Wheelagram*. GO TEAMS, GO!
