PLANT ACTIVITIES RESUME — operations return to normal as we work together to satisfy our customers — who are the most important part of our business.

**JIM VANKOVSKY —
SALESMAN-OF-THE-MONTH**

Over the past four years fourteen Salesman-of-the-Month have been named. According to Jim Cooke, Field Sales Manager, "in every case the award was based on a specific sale that represented a unique effort and involved a sales principle that could be utilized by others." Not to break tradition, Jim receives his award for an outstanding job at A. O. Smith which resulted in an order for a 4-Wheel Strip Descaler; "however," comments Jim Cooke, "in Vankovsky's case, the award could have been given on any number of other significant orders that were booked because of total sales professionalism. In 1976, Jim Vankovsky made more sales calls than any other Equipment Sales Engineer in Wheelabrator. His customer presentations go smoothly because everyone is informed and it is a real team effort." Congratulations to the "Pro!"

IT'S ANNIVERSARY TIME FOR . . . DONALD E. SCHRADER (Engineer, Special Blast) who celebrated 25 years of company service Thursday and **KENNETH E. VERGON** (Service Engineer, Central Region) who celebrates 15 years of service tomorrow.

SMILES COST NOTHING, yet are most valuable — particularly when exchanged.

IT's THE GREAT PUMPKIN, CHARLIE BROWN??? NO, it's the "great pumpkin" Alan VanHuffel! Al, Product Manager-Portable Systems, and his daughter "Jeni" harvested a 102-pound pumpkin from the family garden. The pumpkin's girth measured 87 inches.

THE HAPPIEST PEOPLE are those who are usually too busy to notice whether they are or not.
