**SAND RECLAMATION — A SCIENCE OF SAVING** is the title of the new film produced by our Marketing Department. Presenting the logical advantages of mechanical reclamation in terms of our process, the film is both a sales and an educational aid.

The film includes actual footage of Wheelabrator Sand Reclamation installations, including TRW Mission, Bachman and Aurora Vertiline.

Point of interest — at the request of the American Foundrymen's Society, our new film will be added to their film library and will become part of their highly-regarded Cast Metals Institute (CMI) course on cleaning room technology.

This course is held twice annually at the AFS headquarters in Des Plaines, Illinois. Foundrymen from all parts of the U.S. and Canada enroll in this course in order to learn of new technological advancements in the cleaning room.

## ANNIVERSARY TIME . . .

**ANTON KOLESZAR**, Core Maker-Foundry, celebrated 35 years of company service Wednesday. And for **CHARLES K. JOHNSON**, Foreman-Tool Room, 15 years of service celebrated last Sunday. Happy Anniversary, Fellas!

**IN APPRECIATION . . .** The Julianna Club wishes to thank everyone who contributed to the "Christmas Basket Fund." We're told a generous amount was collected which will help make merry the holiday season for our less fortunate friends.

## STEP RIGHT UP AND TAKE A CHANCE . . .

Would you believe a 6-foot stocking filled with over \$100 worth of toys? Well, believe! Our Athletic Association is raffling the one pictured above. (Ray Artusi and Larry Baker can hardly hold it!) All proceeds go to the plant sick fund. **ONLY \$1.00 per chance — see your AA rep today!**

**JET PULSER** Sales Engineer Bob Hollingsworth recently addressed the Canoga Park, California chapter of the Society of Manufacturing Engineers. Bob discussed the Jet Pulser System and the aspects of pulsating coolant in conjunction with coolant-fed drills.

**SHARING THEIR KNOWLEDGE . . .** Bill Geist, Welding Supervisor and John Vaselein, Chief Welding and Metallurgical Engineer, presented a program on "Futures in Welding" to Bremen High School students during their recently-held annual "Career Day."

**NEW FACES . . .** Welcome to **DEBORAH HALE**, Stenographer-Parts Sales.

**BEHOLD THE TURTLE . . .** He makes progress only when he sticks his neck out!

WE'RE NOT HERE to see through one another; we're here to see one another through.

GET MARRIED, LIVE LONGER . . . Statistics continue to indicate that marriage adds years to life. In the 34-44 age group, for example, married men's death rate is 3.0 per 1,000. For those who are unmarried, it is 7.3 per 1,000. For married women, the mortality rate is 2.0; for those single, it is 3.9.

Singles are therefore advised to consider marriage or at least stop reading statistics.
