VOL. II NO. 3

JANUARY 20, 1978

THANKS TO YOU . . . IT WORKS . . . FOR ALL OF US!

Perry Roseman (l), Scheduling Supervisor-Production Control and Steve Baker (r), Sales Trainee, were Wheelabrator's loaned executives to the recently-held United Way campaign. Wheelabrator employees came through with a total of \$53,328 in pledges for the year!

SCHOOL WAS IN SESSION when our own schoolmaster Gene Tarabek and Wheelabrator experts Ron Reed, Bruce Berger, Denny Toth, Vic Stampone and Tom Loftain conducted a two-day Operating and Maintenance Seminar on "Rubber Deflashing." Attending the seminar were customers located in the Eastern Region.

THE SUBJECT WAS . . . "Sand Reclamation — A Science of Savings" when our Director of Research and Development, Ray Leliaert, addressed the Pittsburgh Chapter of the American Foundrymen's Society on Monday.

QUESTION OF THE MONTH . . . When you think of the alternative, what objection can you have to old age?

ANNIVERSARY TIME for . . . ROBERT L. NICHOLSON (Overhead Crane Operator-Plant 2), MAC McGRATH (Account Sales Engineer-Central Region), 20 years; JOHN R. CASSANI (Account Sales Manager-Central Region), JERRY GREENE (Manager, Order Dept.-Balcrank Office Services), 15 years; and 10 years for RAYMOND L. FRYE (Shakeout-Foundry). HAPPY ANNIVERSARY TO ALL!

NEW FACES . . . Hi and welcome to BETH THARP, Jr. Computer Operator-MIC; MICHAEL SAHLHOFF, Mail Clerk-Office Services; RICHARD WHITT, Service Engineer-Southern Region and DOROTHY SCHULTZ, Accounting Clerk-General Accounting.

APPOINTMENTS . . . JOHN EARL has been named Senior Tool Designer. John comes to us from White Farm Equipment, South Bend, where he held a number of positions in the Industrial Engineering Department. John is a graduate of Acme School of Die Design and Engineering. Welcome aboard, John!

OUR MARIES IN BIRMINGHAM . . . That is to say, Marie Cobb, Secretary-Birmingham, Alabama office and Marie Drake (otherwise known as "Mother Superior"), Secretary-Birmingham, Michigan office have a problem. Wheelabrator mail meant for Marie Cobb-Alabama is often received by Marie Drake-Michigan and vice versa, which creates a time loss. We can all help our "Maries" by addressing our correspondence to them clearly and specifically. Thank you!

OPPORTUNITY is often disguised as hard work.

BESIDES, IT'S FREE! On Saturday and Sunday, February 4-5 from 10:00 A.M. to 4:00 P.M. an Industrial Fair will be held at the Century Center, South Bend. Wheelabrator will participate in this show in which all Michiana industrial firms will have exhibits. Here is a golden opportunity to see the diversity of manufacturing being conducted in the Michiana area. Plan to attend — it's free!

THE AVERAGE U.S. CITIZEN uses about 60 gallons of water each day, three times the figure for 1900, says the U.S. Department of Agriculture.

ARTISTS AND HOBBYISTS! Plans are being made to provide space in various areas of the plant to exhibit the creative work — paintings, photographs, etchings, etc. — of Wheelabrator employees. A committee is being formed to develop the program. If you have demonstrated talent in these areas or an appreciation of art and would like to serve on this committee, please contact our Art Director, Tony Peters, ext. 412.

ON THE LEVEL . . . Harming someone puts you below his level. Getting even with him puts you on his level. For-giving him places you far above his level.
