Wheelabrator-Frye Inc.

VOL. II NO. 1

JANUARY 6, 1978

NEW FACES . . . Hello and welcome to **MORRIS DEGEYTER**, part-time Guard-Industrial Relations and **ALLEN SLATER**, Foreman-Assembly.

PROMOTIONS . . . Congratulations to **NORMA CRIDER** — from Stenographer to Secretary-Engineering.

INSTEAD OF WAITING for your ship to come in, wouldn't it be quicker if you rowed out to meet it?

FAREWELL AND BEST WISHES!

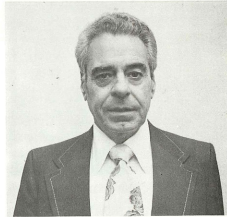

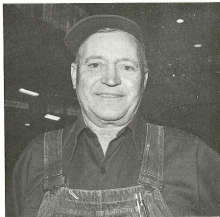

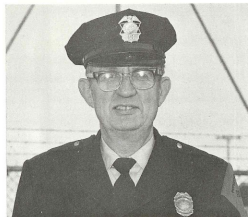

Balcrank co-workers gathered to wish **CARL "DUTCH" LOESCAMP** well on the day of his retirement. "Dutch," Foreman-Balcrank Shipping has over 37 years of company service.

ORGANIZATIONAL CHANGE-EASTERN REGION . . . **DAN COTTON** has been appointed Equipment Sales Engineer-New England area, effective January 1. Prior to joining Wheelabrator as the Product Manager for Sand Reclamation, Dan served as a Project Engineer with Foundry Design, Montvale, New Jersey. He holds a B.S. degree in Metallurgical Engineering from Ohio State University. Good luck in your new assignment, Dan!

SOME CHRISTMAS\$. . . "And how did you spend Christmas?" she gushed. "Expensively," he replied.

And today is "the" day for **RALPH ACKENHUSEN** (left), Plant Guard-Industrial Relations and **SALEM F. HOPPER** (center), Assembler-Assembly with 27 years of service. **DON RUMPLER** (right), Manufacturing Consultant, already off to the sunny sands of Florida after 17 years of service.

TOURING OUR FACILITY just before Christmas were WFI-sponsored JUNIOR ACHIEVERS.

GARY WAGNER (top photo), Sr. Computer Operator, explains away the mystery of the computer room while **ERIC DUNNINGTON** (bottom), a JA advisor, answers questions posed by Achievers.

Noteworthy: "Future Image," a Wheelabrator-sponsored company received the December "Company of the Month" award. Future Image manufactures coat hangers and cookie sheets.

GOOD GRIEF, DAVE HANSON!

Charlie Brown (of *Peanut's* fame) has nothing on Engineering's **Dave Hanson** when it comes to selecting Christmas trees as evidenced in the above photo. (Dave — now really, Christmas trees are supposed to have needles!)

A WHEELABRATOR TRADITION . . .

Employees and retirees picked up their Christmas ham and turkey on the appointed day. The distribution of these goodies is an annual affair.

HELP WANTED . . . Immediate need for 4 WFI JA Advisors. Working conditions: 1 night a week till middle of May, 7-9:00 P.M., choice of Monday or Tuesday evenings. Compensation: Inner satisfaction of knowing youth is being served. Contact JA Coordinator, Pat Nagy, ext. 225.

THIS IS A GOOD YEAR to do those things you promised yourself to do last year.

NO RULES FOR SUCCESS WORK unless you do.

WHEN TWO QUARREL, both are wrong.

Published weekly by and for employees of Materials Cleaning Systems Division.
