VOL. II NO. 20

MAY 25, 1978

IN OBSERVANCE OF MEMORIAL DAY, all departments will be closed tomorrow through Monday May 29.

The Memorial Day custom of decorating the graves of the war dead with flowers dates back to classical times. In the United States women who brought flowers to the graves of soldiers killed in the Civil War were responsible for giving the custom national predominance.

The first official observance of Memorial Day was conducted by the Grand Army at Arlington National Cemetery in 1868; however, it was not until years later that the individual states declared Memorial Day a legal holiday. Today, Memorial Day always falls on the last Monday in May.
