VOL. II NO. 21

JUNE 2, 1978

## TERMONT CELEBRATES 35TH . . .

Congratulations to **Russell W. Termont**, Bridge Type Crane Operator-Steel Fabrication, who celebrated 35 years of company service May 31.

**LEE BEATTY**, Numerical Control Programmer, recently attended a two-day seminar on "Practical Machining Principles," sponsored by MDC (Machinability Data Center) of Cincinnati, Ohio. The seminar covered such topics as new machining technology, increased productivity and reduced machining costs.

## GOOD LUCK, CLYDE! . . .

Co-workers gathered on Tuesday to wish **Clyde Snyder** well on the occasion of his retirement. Clyde, Assistant Director-R & D, has 49 years of company service.

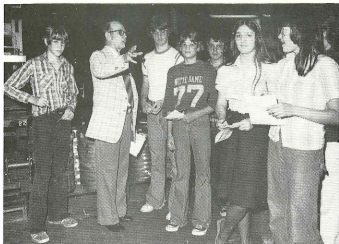

**NEW FACES . . .** Welcome aboard to: **Kenneth D. Good**, Utility-Steel Shop; **R. Gregory Hibiske**, Supply Sales Engineer-PFP; **Firdia L. Johnson**, Verson Brake Operator-Steel Shop; **Barbara A. Kallinikos**, Clerk-typist-Eastern Region; **Wayne H. Radabaugh**, Sheet Metal Helper-Steel Shop; **Junior Rabey**, Finish Bench Grinder-Assembly; **Cecil Bennett**, Finish Bench Grinder-Assembly; **Ralph A. DeVolder**, Sheet Metal Helper-Steel Shop; **Alfred A. Rodts**, Security Guard; **Ronald D. King**, Manufacturing Engineer Trainee (co-op); **Charles L. Straub**, Spray Painter-North Shipping; **Gerald M. Orszulak**, Engine Lathe A-Machine Shop.

**CONGRATULATIONS** to **Dan Spinner** who has been named Industry Manager-Foundry. A graduate of the University of Cincinnati, Dan most recently served as an Equipment Sales Engineer-Eastern Region.

**APPOINTED** to the position of Product Manager-Sand Reclamation is **Rudolph A. Komater**. Active in the American Foundrymen's Society and American Society for Metals, Rudy holds a B.S. degree in Metallurgical Engineering from Illinois Institute of Technology and a Business Administration degree from Wayne State University. He comes to us from IMC where he served as District Sales Manager. Welcome aboard, Rudy!

**ANYONE IS** able to criticize — It takes an important someone to improve.

"PROJECT BUSINESS" CLASSES TOUR MCSD . . .

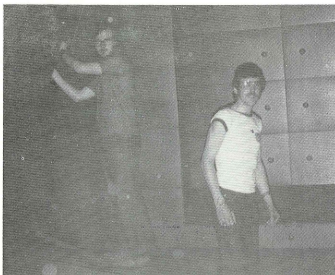

(left) Engineering's WARD CORRELL serves as one of the guides during last Thursday's tour for ninth graders from Grissom Middle School — the class taught by BOB LINDNER, Vice President-Engineering. (right) Touring Wheelabrator Thursday morning were students from Marian High School. Instructors for this class are PAUL SIMPSON, GERRY BANK and TONY KRUSZEWSKI.

EMPLOYEES' ARTWORK ON DISPLAY . . . Talent abounds — see for yourself. We now have employees' work being exhibited in the two front entrances to the Administrative and General Offices Building and in the lobby and second floor area of the R & D Building.

YOUR BRAIN is no stronger than its weakest think.

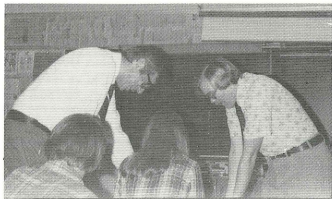

IN THE SWING OF THINGS . . .

Our two English friends from Tilghman-Wheelabrator — Colin Stansfield (l) and Lawson Pryke (r) inspect the 96" Wheelabrator Double-Door Swing Table installed at TRW Mission, Houston, Texas. Bruce Berger and Rick Rickels guided the men on their field trip to this new casting facility, employing not one, but two, Wheelabrator Systems in their No-Bake Sand Reclamation operation.

UNCONTROLLED ANGER makes the mouth work faster than the mind.

AN APPLE FOR THE TEACHER? . . .

Gerry Bank (l) "in action" with his "Project Business" class at Marian High School. Teacher Steve Rethlake (r) listens in.

CONGRATULATIONS TO BROWN SANDERS who has been named Regional Manager-West Central Region, effective June 1.

Brown most recently has served as Industry Manager-Foundry. Prior to this, he was an Equipment Sales Engineer in the West Central Region, covering major accounts such as Caterpillar and Central Foundry, Danville. Brown has been active in the American Foundrymen's Society, recently lecturing at the Cast Metal's Institute course on Cleaning Room Operations and is a recipient of a Wheelabrator Author's Award.
