HAPPY BIRTHDAY CURLY!

For the first time ever **JACK BAUGHER**, Traffic Manager-South Shipping, was not vacationing on his birthday June 8. In honor of the occasion the gang in Shipping decided to make up for all birthdays past by surprising Jack with a party — balloons, streamers, toupee and all! (Note the birthday cake, if you please.)

DID YOU KNOW that you worked until April 28 just to free yourself of your tax burden? It takes the average American two hours and 35 minutes of work out of every eight-hour day to pay all of his federal, state and local taxes, according to Tax Foundation, Inc.

At that rate, it is April 28 before the average worker is free of his tax burden — nearly four full months of eight-hour days, five days a week.

NEW FACES . . . **Walter E. Kater**, Engine Lathe-Machine Shop; **Francis E. Pugh**, Erie Press-Steel Shop; **Lonny M. DeGraff**, Electric Melt Furnace Operator-Plant 2; **Nancy J. Shaver**, Secretary-Marketing; **James F. Barnhart**, Scheduling Supervisor-Production Control and **Thomas E. Roberts**, Technical Supervisor-Blastrac.

CONGRATULATIONS to **Jim Flowers**, third shift electrician, who took third place in the State Bass Fishing Contest. This win qualifies Jim for the National Tournament to be held in August.
