

the Wheelagram

Materials Cleaning Systems Division
Wheelabrator-Frye Inc.

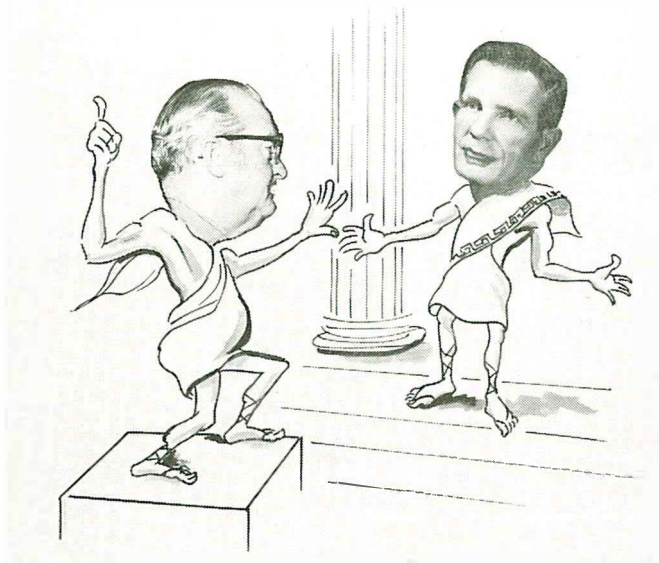

VOL. III NO.13

MARCH 30, 1979

CELEBRATING 10 years of company service this week are **John Brown** and **Hal Cinninger**. John is an Arc Welder in Steel Fabrication and Hal, a Maintenance Electrician-Plant 1. Congratulations, guys!

FOR THE RECORD ... **CLYDE SNYDER**, former Assistant Director-R & D retired, now serving as a consultant, celebrated 50 years of Wheelabrator service on Wednesday. Congratulations, Clyde!

A FEW SEATS LEFT ... If you missed last Friday's reservation deadline for the annual **Spring Shopping Trip**, sponsored by the **Julianna Club**, you still have time to turn in your money to **Ginny Ciesielski**, North Office Building, or **Ann Barilich**, South Office Building. Hurry, hurry, hurry!

IS THIS THE GREAT DEBATE??? No! But it is those two mighty Marketing orators, "DUKE" MALLORY (l) and HARDY STEBBINS (r) telling the Wheelabrator way. Most recently, for Hardy, Manager-Blast Equipment Sales, in Seattle, Washington and Savannah, Georgia, where he served as speaker and participated in panel discussions on Sand Reclamation at American Foundrymen's Society Regional meetings; while Duke, Manager, Technical Development, traveled to Atlanta, Georgia, for NACE (National Association of Corrosion Engineers) Corrosion '79 where he was a speaker at Symposia — "Epoxy Coatings for Reinforcing Steel in Concrete."

LEE HELPED TO MAKE IT HAPPEN! . . .

LEE BEATTY, NC Programmer, receives an inscribed United Way mug from MCSD Vice President Steve McTigue. Lee, along with former employee, now scholar, MIKE DINGMAN, JR., served as a Wheelabrator loaned executive to the Fall campaign. (If you recall, our employees "went over the top" pledging a total of \$58,439.29 to the '79 United Way campaign.)

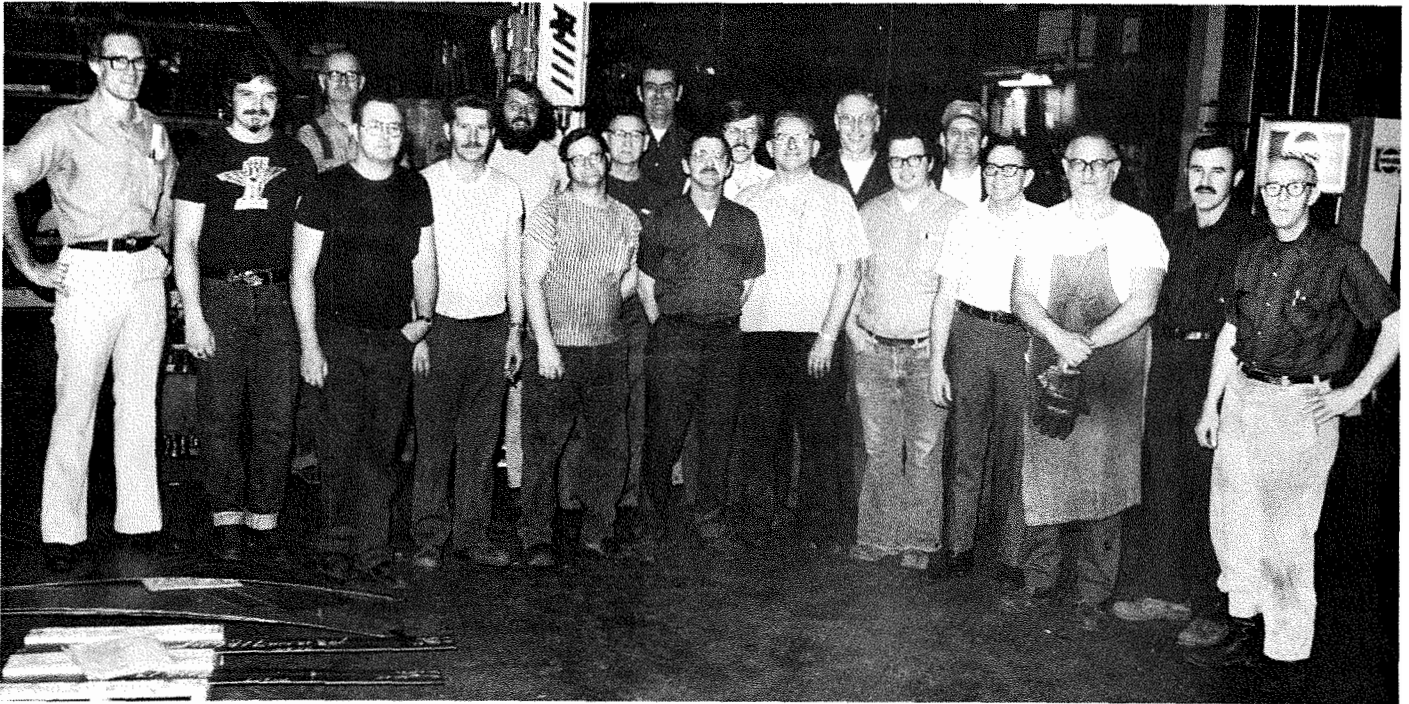

WINING, DINING and DANCING will be the order of the evening for those who attend the WAA Spring Dinner Dance tomorrow evening at the BK Club. REMEMBER: Dinner tickets must be purchased in advance from your area AA rep.

INFLATION IS CAUSED BY PEOPLE — people who are trying to get something for nothing. The politicians keep providing benefits no one is willing to pay for — something for nothing for all their supporters. And people keep expecting **more** pay without producing more. We all want something for nothing — and it just isn't possible. Every time anybody gets something for nothing, the rest of us get nothing for something — our money buys less and less.

QUESTION OF THE MONTH . . . Why can't we have the taxes of 1900, the prices of 1930 and the income of 1980?

WOULDN'T IT BE SIMPLER just to isolate and label the few things that are not harmful to health?

AND THE WINNER IS . . .

Taking first place honors in the February Safety First Contest is Team 14. Representing the two shifts of Areas 1561, 1562 and 1566 — Structural Cutting and Sheet Metal-Steel Fabrication — is the second shift crew. Congratulations, guys!

THE REASON most of us don't live within our income is that we don't consider that living.

NEWS FROM THE ATHLETIC ASSOCIATION . . . Interested in joining Sports Illustrated Court Club? AA is sponsoring reduced rates for individual membership fees — \$15 per person. Contact your area AA rep for complete details, no later than Friday, April 20.

Circle your calendar for the **Mr. & Mrs. Smoker** slated for Saturday, April 21 at the BK Club. Your contribution will help to put our softball champs back on the diamond.

THERE ARE NEITHER hawks nor doves in the war against inflation — just pigeons.

EDITOR'S NOTE: Your Editor will be away from the office next week. Any news items or requests for photographs should be directed to **Paul Noeth, ext. 221.**

Thanks for covering, Paul!
