VOL. III NO. 5

FEBRUARY 2, 1979

IT WASN'T THE BLIZZARD OF '78 . . . But we did have a wee bit of snow fall last week — and thanks to the cooperation of our employees, Maintenance was able to do an effective, efficient job of clearing our parking lots.

MONEY-SAVER . . . Discount applications for the '79 production of **Ice Capades** are available in the Personnel Office.

CONGRATULATIONS to **Larry Baker**, Designer-Engineering, who celebrates 10 years of company service tomorrow.

ONE REASON EXPERIENCE is such a good teacher is that it does not allow dropouts.

THEATERGOERS . . . Don't forget to sign up for the **Drury Lane Bus Trip, Saturday, February 17**. See your area AA rep — \$20 per couple.

SUCCESS IS getting what you want; happiness is wanting what you get.

UAW FOUNDRY WAGE AND HOURLY committee members were in Mishawaka to tour our facility — specifically the foundry. WFI foundrymen **DON CAPARELL** and **LLOYD "FUZZY" NICODEMUS** are members of this committee to which Don served as host. Lending a helpful and informative hand as tour guides were **DICK SLOCUM**, Foundry Superintendent and **JOHN VASELIN**, Chief Welding and Metallurgical Engineer.
