CINDY KITTLESON, daughter of Merrill, Manager, Quality Control, has been named Valedictorian of the '79 graduating class of Edwardsburg High School. Congratulations, Cindy, and good luck in your college career! (Point of interest: Cindy is a young lady true to her word — this achievement is a goal which she had set for herself four years ago when she began her high school career.)

HAVE YOU REMEMBERED??? . . .

TODAY IS THE VERY LAST DAY to turn in your money and reservations for the **Julianna Club Spring Shopping Trip!** Contact **Ginny Ciesielski**, North Office Building, or **Ann Barilich**, South Office Building.

SUNDAY IS THE DAY — Beiger Mansion, Mishawaka, is the place, for the annual **WFI Employees Federal Credit Union** meeting! For your dining pleasure (and a mere \$5 per person) you will be treated to a “Polish-style” dinner preceding the meeting. Tickets are available from Credit Union Board and Committee members.

GOVERNMENT OFFICIALS talk about slowing inflation to 6% or 7% a year as if that would be a wonderful achievement. But would it really? If prices keep going up 6% a year, anyone who retires on a fixed pension will lose one-third of the purchasing power of that pension in five years, half the purchasing power in seven years.

What’s so wonderful about that? This country can’t stand inflation of 6% a year without impoverishing millions of people who retired thinking their needs were well taken care of.

If we want a decent country we’ve got to stop inflation. That means stopping the government from spending more than it takes in. It also means holding future wage increases to the amount justified in increases in productivity.

WHAT REALLY MATTERS is what happens in us not to us.

The racehorse owner asked his jockey why he hadn’t ridden through a hole that had opened up on the final turn. “Sir,” replied the jockey wearily, “did you ever try to go through a hole that was going faster than your horse?”

THE SYSTEM . . .

You can try to fight it —
 You can try to change it —
 You can try to beat it —
 You can knuckle under to it —
 Or, **you can improve it.**
But first you have to LEARN it!!!
