IT'S ALL IN OUR MINDS . . . Life can be beautiful if you have the right mental outlook — but how do you achieve this? According to the National Association for Mental Health, there are nine traits to be desired. They include: A tolerant, easy-going attitude toward yourself and others; a realistic estimation of your own abilities and determination to make the most of them; self-respect — a personal pride in accomplishment, independent of the judgment of others; the ability to take disappointment in stride; the ability to love and consider the interests of others; feeling a part of the group, with a clear sense of responsibility to others; an ability to solve problems as they arise — not putting them off until tomorrow; an ability to plan ahead, setting realistic goals; putting your best into whatever you do and getting satisfaction from doing it.

DON'T BE CAUGHT SHORT! With the plant shutdown only a week away, be sure to see your area AA rep for those money-saving tickets to local Plitt Theaters, the United Skates of America Roller Rink and Cedar Point.

ANOTHER BOOM TO YOUR WALLET is the free Magic Kingdom Club Membership Card and Guide available at the Personnel Office. If you're planning a trip to either Disneyland or Disney World, the membership card entitles you to purchase tickets not available to the general public, as well as reduced rates for lodging. Really good deal!

IN LIFE, as in driving, there's nothing wrong in wanting to get ahead, but it doesn't do to blow your horn while passing.

LIGHTS OUT! The annual electrical power outage is scheduled for **Saturday, July 21**. All electrical power will be secured at approximately 7:00 a.m., and will be off for 8-10 hours. If it rains on the scheduled day, the outage will be rescheduled for Sunday, July 22. Please schedule any necessary work around this date as this must be performed during the shutdown to allow time to correct any faults that are found.
