VOL. III NO. 45

NOVEMBER 30, 1979

CPR TRAINED EMPLOYEES REACT QUICKLY TO EMERGENCY . . . On Tuesday, November 20, Walt Ostrowski suffered a heart attack while on the job. Three foundry men were directly instrumental in keeping him alive until he reached the hospital. The skills that **Jim Brown, Jim Smith** and **Jim Vollmann** exhibited were the direct result of their CPR training. Without their tireless effort, Walt would not have left the shop floor alive.

(l to r) **Jim Vollmann, Jim Smith, Jim Brown** and first shift plant nurse, **Alta Myers**, encourage employees to consider taking CPR training. The next class will be held December 11 and 12. For further information contact **Margaret Ping** or **George Smith**.

HOLIDAY TRADITION CONTINUES . . . Once again all active employees will be the recipients of a turkey and ham to enjoy during the holiday season.

Procedures for obtaining your "goodies" are similar to what we have done in the past and are summarized as follows:

Employees will be given a special IBM card on **Thursday, December 6**, identifying them as an eligible recipient. (Since no duplicate cards will be issued, please be careful not to lose or misplace your card.)

The pick up date will be **Tuesday, December 18**, between the hours of **6:30 AM** and **12 Midnight**. (You will turn in your IBM card at the time you pick up your turkey and ham.)

Distribution locations are: From a trailer parked on the North Drive adjacent to the North Gate (from 6:30 AM til Midnight); Inside the South Shipping Building from a trailer parked at Dock No. 9 (from 6:30 AM til 4:00 PM).

Employees who are ill or otherwise unable to pick up their own gift may designate a member of their family to pick up the turkey and ham for them. The person making the pick up should have both written authorization from the employee and the IBM card.

PERSONAL ASSISTANCE PROGRAM ANNOUNCED . . . The company has long recognized that continued success in today's competitive economy requires the dedicated effort of an experienced, knowledgeable and motivated work force. Also aware that a wide range of personal problems such as alcoholism, drug abuse, marital and emotional matters can adversely affect an employee's performance on the job, the Division has announced the implementation of an employee Personal Assistance Program.

The Program is designed to offer assistance to our employees by making available to them a helpful service, which deals with the types of problems listed above in a professional and confidential manner. We are confident that use of this program will prove beneficial to both our employees and our Company.

For more information, see your supervisor or call **Chuck Randolph** or **Chuck Chiponis** at Labor Management Service — 287-1879.

Representatives of our management and bargaining unit work force sit in on sessions introducing them to the Program.

SIGNIFICANT SALE . . . 8 Wheel Ram Tunnel Machine to Central Foundry-Defiance, General Motors Corp. This machine will have the capability to clean V-8 and V-6 cylinder heads at a rate of 1300 heads per hour.

LET'S RING THOSE BELLS CORRECTION

... Volunteers are still needed to ring bells for the Salvation Army's Christmas Fund program. The date, however, is **Saturday, December 15**, not Saturday, December 8, as previously announced. Interested employees should contact **John Mumby** or **Kelly Tucker**.
