Materials Cleaning Systems Division  
**Wheelabrator-Frye Inc.**

VOL. III NO. 23

JUNE 8, 1979

TODAY marks 20 years of company service for **Daniel J. Hubanks**, Assembler "AA"-Assembly and 15 years of service for **Clifford R. Berger**, Crane Operator-Steel Fabrication and **Charles J. Mann**, Electric Melt Furnace Operator-Plant 2. Others celebrating anniversaries this week are: **J. D. Pemberton**, Service Engineer-Central Region (15 years, June 1); **William D. Taylor**, Material Handler-Steel Fabrication (10 years, June 2); **John H. Worsham**, Crane Operator-Steel Fabrication (10 years, June 9).

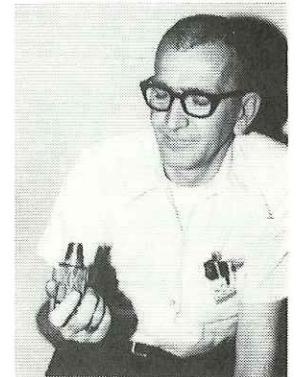

NEW FACES . . . Welcome to: **Eva Concklin**, Secretary-Southern Region and **Byron Pipkins**, Warehouse Man-Western Region.

CONGRATULATIONS to **Walt Wolf**, Component Scheduler-Balcrank Production Control, who is one of five area men to be honored tomorrow night at the annual meeting of the Northern Indiana Council, Boy Scouts of America. The Scout Council will honor these five outstanding leaders with the Council's highest adult award, the Silver Beaver. Walt currently serves as unit commissioner from Mishawaka.

MAY 31 WAS STAN'S DAY . . .

**STANLEY HES** receives congratulations from Manager **Bob Pflugner** on the occasion of his retirement from Wheelabrator. Stan, Supervisor of Repair Parts, has over 38 years of company service. Stan, we join your friends and co-workers in wishing you a long and happy retirement!

**GOOD THINKING, BOB!** Machine Shop Foreman **BOB KLUMP** has come up with a redesign suggestion for Balcrank's Jet Power pump screen assembly.

The current method is to solder the screen to the top and bottom collars. Bob's suggestion features a groove in the primer cylinder to which a retaining ring will be attached. By assembling the screen assembly and inserting the primer cylinder, the screen can be tightened down by using the retainer as a stop.

The new method will add considerable ease to the replacement of this part in the field, not to mention the significant cost reduction.

**SUPERVISORS COMPLETE DEVELOPMENT PROGRAM . . .** Congratulations to approximately 120 of our supervisory personnel, who recently completed a four-month Management Development Program.

The program — conducted by our Personnel Manager, Karl Zimmer — covered a wide range of managerial topics such as Planning, Problem Solving, Staffing, Communications and Motivation.

The completion of the program represents one more phase in our effort to insure the continuing development of our supervisory personnel, particularly in the area of responsibility which affects our most important resource -- PEOPLE.

Vice President Steve McTigue played host to the “graduates” following the completion of the program. Certificates of accomplishment were awarded to the participants.

**BOX SCORES . . .** Tuesday, May 5: WFI Softball Team defeated by Village Green 9-2. Next week's schedule includes WFI vs Alectrico — Thursday, June 14. Check the Mishawaka sports section of the Sunday *Tribune* for time.

Published weekly by and for employees of Materials Cleaning Systems Division.
