Our Division played host at the recently conducted plant tour for approximately 60 members of the South Bend Chapter of Manufacturing Engineers. Personnel Director KARL ZIMMER presented an overview and film at a dinner meeting which preceded the tour. Tour guides LEE BEATTY, DON DUERKSON, MIKE STOUT and RANDY SCHLEISMAN commented "that interest was high and they could have talked all night." Central Region's JIM BIRD was also on hand with customers, sharing his Wheelabrator expertise. Karl tells us that tours of this kind have proven beneficial in giving participants a better understanding of what Wheelabrator is all about.

## Information & Referral

A Service of the United Way

Monday thru Friday  
Call Information and Referral  
**232-2522**

"Who can I get to help my elderly neighbor take care of her lawn?"

"What can my family do together that's fun and free?"

"What area support group helps women recover from breast surgery?"

When you have a question, Information and Referral has an answer. I&R, a service of the Voluntary Action Center, is a centralized, coordinating body which links individuals to the numerous private and governmental agencies which serve them.

Information and Referral is a clearinghouse of information on sources of financial and material assistance - but it maintains information on educational, recreational, and cultural programs as well.

By calling 232-2522, you can contact an Information and Referral caseworker who is trained in community resource referrals.

Information and Referral itself does not offer financial assistance, nor does it provide continuing casework. Clients are encouraged to make direct contact with an agency, and only when the caseworker feels there is a lack of ability or motivation to follow through is contact made for the client.

Information and Referral is not designed to give advice, but to explore alternatives with the caller and familiarize them with existing programs.

The goal of Information and Referral is to cultivate self-responsibility in the caller and steer him/her toward a plan of action.
