

# the Wheelagram

Materials Cleaning Systems Division  
**Wheelabrator-Frye Inc.**

VOL. III NO. 41

OCTOBER 26, 1979

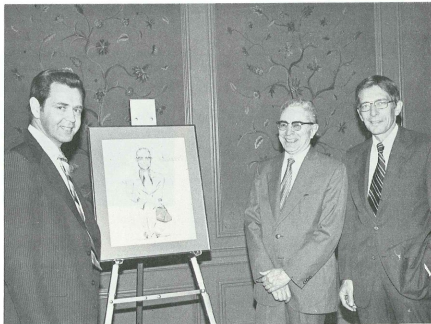

**"WE MADE IT HAPPEN!"** With a 10.7 percent increase over last year's contributions and a 6.8 percent increase over our goal of \$60,600, Wheelabrator employees went over the top as they pledged a total of \$64,721.84 to the '80 United Way campaign. Thanks, not only to those employees who pledged their fair share, but to those employees who also helped in the canvas throughout the plant.

Wheelabrator employees are attentive as they listen to Howard Snyder of the United Way and Stan Bober, President, U.A.W. Local 995, tell the United Way story.

**APC HONORS CLYDE SNYDER ...** In recognition of his 50 years of Wheelabrator service, Clyde Snyder was honored at a dinner held in Pittsburgh by the Air Pollution Control Division. Over the years, Clyde, based in Mishawaka, was active in APC research. On camera ... (above) Clyde and Mishawaka colleague, Chuck DeCraene, Coordinator-APC. Clyde with Pollution Control Division President Bill Wilson (l) and Hal Eastman, Senior Vice President, Operations (at right).

**Service Anniversaries ...** Congratulations to the following personnel celebrating service anniversaries this week: **Eldon Duerksen**, Radial Drill-Steel Fabrication (20 years, October 21); **Larry Davis**, Buff & Polish-Balcrank Finish (10 years, October 20); **Joseph Lyczynski**, Inspector-Inspection (10 years, October 21).

IT WAS "A GHOSTLY NIGHT" when Julianna Club members and their guests attended the annual fund raising card party held October 18. (All proceeds from this event are allocated to the club's Scholarship Fund.) A good time was obviously had by all, as told in the following photo story.

Co-chairmen of the event -- JANICE MERVILDE and LUCY SEIDER -- extend their thanks to all chairmen and their committees for a job well done!
