MARCH 14, 1980

ABRASIVES AND COMPONENTS DIVISION APPOINTMENTS . . .

In line with the current restructuring of our Materials Cleaning Systems organization, **Bob Regal**, Vice President and General Manager, has announced the following appointments within the Abrasives and Components Division:

Charles Carlin has been promoted to Technical Director, Abrasives and Components Division. Charlie will have responsibility for all Project and Process Engineering relating to abrasives and the foundry. Charlie will also serve as the technical liaison with all of Wheelabrator's International abrasive operations. (Metallurgist **Mo Kahn** will report to Charlie.)

Jim Converse has been appointed Plant Manager-Foundry Operations, Mishawaka. Jim's background includes foundry experience with Clark Equipment Company, prior to joining Wheelabrator over two years ago. **Dick Zelmer** will report to Jim as Assistant Foundry Superintendent.

Dick Slocum has been named Technical Manager for Foundry Operations and will report to Charlie Carlin. Dick most recently served as Foundry Superintendent.

Don Rumpler has been promoted to Plant Manager-Plant 2. Don's varied experience with Wheelabrator includes maintenance and engineering assignments.

Joining us as Marketing Manager for the Abrasives and Components Division is **Larry Savage**. Larry comes to Wheelabrator from the Carborundum Company where he served in a similar capacity. Larry obtained his BBA from the University of Michigan in Marketing and his MBA from the University of Denver in Marketing and Finance. **Maurie McCally** and **Anna Sawyer** will report to Larry.

Good luck in your new assignments, gentlemen!

SERVICE ANNIVERSARIES . . .

Congratulations to: **Richard Berndt**, Truck Driver-Maintenance Plant 1 (15 years, March 15); **Anna Hartley**, Service Manual Analyst/Typist-Engineering Services (15 years, March 15); **George Cunningham**, Utility Man-Foundry (10 years, March 2); **Thomas Hess**, Assembler AA-Assembly (10 years, March 10); **Gary Hurst**, Arc Welder A-Steel Fabrication (10 years, March 12).

SPEAKING OUT . . .

At the March meeting of our Management Club, **Tom Begel**, Corporate Group Vice President, reviewed the 1979 accomplishments of the Corporation, congratulated Mishawaka employees for their achievements and discussed, in light of the current economic conditions, the tremendous tasks ahead of our Division in meeting desired goals in 1980.

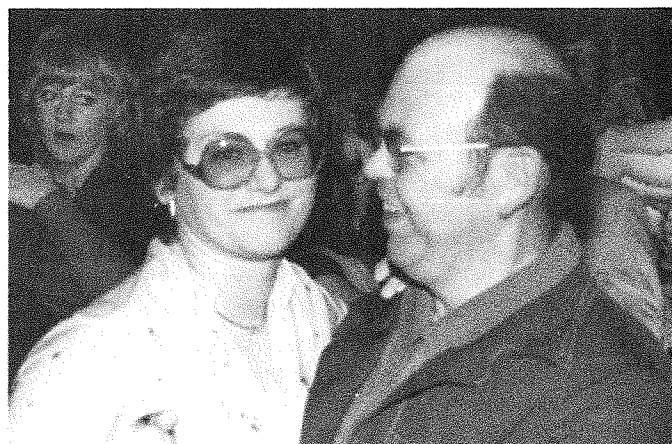

AN EXCHANGE OF IDEAS . . . Recently, "Bert" Hageluku, General Manager of Carl Kurt Walther Company, Germany, traveled to Mishawaka to participate in a two-day work session with our PFP Division.

During the session, a cross-licensing agreement was finalized between Carl Kurt Walther and Wheelabrator. President **Joe O'Callaghan** and **Tom Mott**, PFP Division Manager, look on while Bert affixes his signature to the document.

OH, HOW THEY DANCED...

Pictured are just a few of the many Wheelabrator couples who attended the Spring Dinner Dance, sponsored by our Athletic Association, last Saturday evening at the BK Club.

NOAH WAY . . . West Central Regional Manager **Barry Selack** submits the following, reprinted from the *ERA Journal of Eastern Region of the Royal Institute of British Architects*. Barry suggests that we picture the Lord as a customer and Noah as a member of our sales force:

And the Lord said unto Noah: "Where is the ark which I have commanded thee to build?"

And Noah said unto the Lord: "Verily, I have had three carpenters off ill. The gopher-wood supplier hath let me down — yea, even though the gopher wood hath been on order for nigh upon 12 months. What can I do, O Lord?"

And the Lord said unto Noah: "I want that ark finished even after seven days and seven nights."

And Noah said: "It will be so."

And it was not so. And the Lord said unto Noah: "What seemeth to be the trouble this time?"

And Noah said unto the Lord: "Mine subcontractor hath gone bankrupt. The pitch which Thou commandest me to put on the outside and on the inside of the ark hath not arrived. The plumber hath gone on strike. Shem, my son who helpeth me on the ark side of the business, hath formed a pop group with his brothers Ham and Japheth. Lord, I am undone."

And the Lord grew angry and said: "And what about the animals, the male and the female of every sort that I ordered to come unto thee to keep their seed alive upon the face of the earth?"

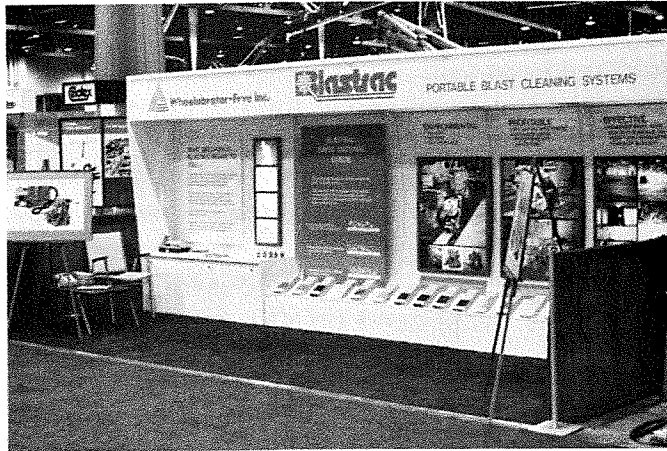

And Noah said: "They have been delivered unto the wrong address but should arriveth on Friday."

And the Lord said: "How about the unicorns, and the fowls of the air by sevens?"

And Noah wrung his hands and wept, saying: "Lord, unicorns are a discontinued line; thou canst not get them for love nor money. And fowls of the air are sold only in half-dozens. Lord, Lord, Thou knowest how it is."

And the Lord in His wisdom said: "Noah, my son, I knowest. Why else dost thou think I have caused a flood to descend upon the earth?"

BLASTRAC EXHIBITS . . . Blastrac Division personnel traveled to Las Vegas last week to participate in "The World of Concrete '80" — an annual international conference and exposition on concrete construction. Blastrac systems are used to clean concrete floors prior to subsequent coating operations.

SOUTHERN REGION ORGANIZATION . . . Frank Pulice has been named Equipment Sales Engineer, working out of the Birmingham office. For the past year and a half, Frank has served as an Account Sales Engineer in Milwaukee. Good luck in your new assignment, Frank!

WOW! . . . Management consultant William Exton says the average cost to a company for an employee's clerical error is \$56.

PUZZLE CORNER . . .

There are only six houses on Nursery Street, Rhymetown; three on one side of the street and three directly opposite them on the other side of the street. All six are inhabited by notorious characters.

The soldier has the tinker and Mr. Davies as his next door neighbors. The sailor lives next door to the thief, and Mr. Eastly lives in one of the end houses. The beggarman lives directly opposite Mr. Barlow, but Mr. Foley does not live opposite the thief. The tailor and Mr. Coutts are both neighbors of Anderson.

Identify the profession followed by each man. (Solution will be given in next week's issue.)

On The SPORT SCENE...

PLAY BALL . . . A meeting has been scheduled at the Ramona, March 14, 4:30 P.M., to determine if there is enough interest among Wheelabrator men to form a team to compete in the Mishawaka Park League. Men interested in playing or coaching should attend this meeting.

SUPPORT YOUR SOFTBALL TEAM . . . Attend a "Mr. and Mrs." Smoker to be held March 29, from seven til one o'clock at the BK Club. A \$1 donation per person entitles you to food, refreshments, and games and prizes — first, \$150; second, \$100; third, \$50. See your area AA Rep or softball team member.

ON THE DISTAFF SIDE . . . Gals interested in participating in women's softball league play, please contact Gina Enders, ext. 528.

HITTING THE LINKS . . . Twilight Golf League Director Pat Nagy tells us there's still time to sign up to participate in this year's competition. Just dial Pat on ext. 225.

NEXT TO BEING shot at and missed, nothing is really quite as satisfying as an income tax refund.
