MCS D TO KICK OFF UNITED WAY DRIVE MONDAY...

Dear Fellow Employee:

During the coming year, agencies of the United Way will have to respond to community needs on an even larger scale than ever before. Due to current economic conditions, more and more people will need the helping services of the agencies.

You and I can help. The one, and perhaps the only way our United Way can continue to serve others not as fortunate as we, is if we join together to "Beat Our Best." Last year we did just that — a record year — a year we can point to with pride. Let's continue our joint effort and have a repeat performance!

The United Way — Stan Bober (r) and Joe O'Callaghan (l) endorsing our Division's United Way Drive.

Cordially,

Stanley M. Bober
President, Local 995 U.A.W.

Joseph E. O'Callaghan
President, M.C.S.D.

PUZZLE CORNER

Bill and Ken were putting a new roof on a house. Since they were partners, the idea was that they should share the money for the job equally.

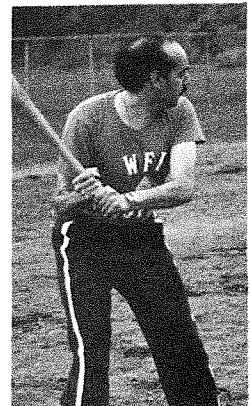

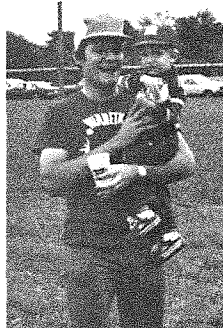

Unfortunately, Bill detected signs of laziness in his partner. For every 12 slates he put down, Ken managed only 8.

They completed the job in 24 days — but how long would it have taken each man if he had been working alone?

Solution to last week's puzzle:

Marilyn is eight years old, Sandy five, and Debbie, three years old.
