Wheelabrator-Frye Inc.

VOL. IV NO. 15

APRIL 18, 1980

25 YEAR MEN . . .

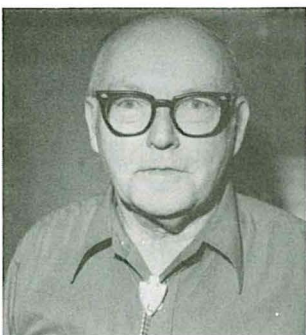

Two men recently chalked up 25 years of company service: **Ed Stasiak** (l), Foundry Foreman, celebrated his anniversary on, would you believe? April Fool's Day! **Max Vena** (r), Truck Mechanic-Maintenance, marked his anniversary on April 11.

ATTENTION . . . ATTENTION . . . Your *Wheelagram* will not be published next week. Marketing and Sales personnel will be on duty at the Foundry Show in St. Louis — this includes your Editor. Look for your next issue to be published **Friday, May 1.**

TO OUR MOST RECENT RETIREES . . . WE WISH HAPPINESS AND GOOD HEALTH

Last Friday, co-workers bid farewell to **Elvis McClish** (top photos) and **Delbert Zellers** (bottom photos) on the occasion of their Wheelabrator retirements. "Del," Skill B Layout-Steel Fabrication, has 14 years of company service; "Mac," Welder-Steel Fabrication, retired with 18 years of service. Our best wishes to you both!

IT'S SHOW TIME . . .

During March, Wheelabrator-Frye exhibited at nine industrial trade shows to present its story to thousands of interested visitors.

Shown here are photos of four of these exhibits featuring Balcrank and Blastrac products. Delta Line and Wheelabrator blast machines were exhibited at other shows but pictures were not available at this time. Next week, the big one — the Foundry Show — will be held in St. Louis. Picture coverage of that show will be included in a future *Wheelagram*.
