ENGINEERING'S NORMA CRIDER HONORED . . .

Norma Crider, Engineering Secretary and Supervisor-Engineering Records and Reproduction, represented our corporation at the tenth annual "Salute to Black Achievers in Industry" awards dinner, held March 20, in New York City.

Norma, one of 179 male and female honorees from throughout the country, was accompanied by husband, Tom, who is a Group Leader-Compound Mixing, Plant 3.

President of our Julianna Club, Norma has been active on the United Way Committee and is an avid bowler, having served on the Board of the City Women's Bowling Association.

Engineering Vice President, **Bob Lindner**, comments that "Norma's willingness to acquire new skills, coupled with

SERVICE ANNIVERSARIES . . . Congratulations to the following employees who mark 15 years of service this week: **James Austin**, Power Saw-Steel Fabrication (March 22); **John Smith**, Foreman-Tool Room (March 23); **Norbert Wiskotoni**, Core Assembler, Large Liners-Foundry (March 29).

DOOR PRIZE WINNERS at last Sunday's WFI Credit Union Meeting were: **Aline Dickerson** (Mrs. Gene), \$200; **Sharon Duerksen** (Mrs. Don), \$100; **Gene Dickerson**, \$75; **Joni Rogalski** (Mrs. Gordon), \$75; **John Pawlowski**, \$50.

THE LATEST ECONOMIC REPORT of the President found that over the last ten years government transfers to people grew by 280%, while wages and salaries grew by only 134%. In other words, those of us who are working for a living are paying a larger and larger share of welfare, food stamps, Social Security, and other benefits to those who are not working. If this trend continues, there soon won't be any incentive to work at all. Then who's going to support all those government programs?

her productivity, indeed makes her a very capable and valuable employee."

When asked, Norma summed up her recent experience in just one word — "overwhelming!" Norma: In several words — "we are proud of our outstanding WFI rep. Congratulations!"

BEST WISHES AND GOOD LUCK, RALPH!

Last Friday, co-workers gathered to bid **Ralph Long** farewell on the occasion of his Wheelabrator retirement. Ralph, General Order Filler, Stores-Stockroom, has 18 years of company service. Ralph, we join your many Wheelabrator friends in wishing you a long and happy retirement!

CONTINUING EDUCATION . . . Engineering personnel interested in improving their job skills and increasing their knowledge of design, have been participating in a weekly, early morning lecture series held right here at WFI.

Team-teaching a course in Statics (particles in rest) are Engineers **Phil Diehn** and **Ted Zielinski**. Statics was selected as the first presentation because it is fundamental to the study of many higher level subjects.

PUZZLE OF THE WEEK . . .

Engineering's **Bart Bullis** submits the following "mind bender":

Ada, Brian, Carmella, and Daniel live in Maine, Nebraska, Pennsylvania, and Oregon. Their last names are Eaton, Farmer, Grey, and Hill. Their favorite foods are Idaho potatoes, jam, lemon pie, and kidney beans. Their favorite colors are red, salmon, tan, and umber.

Find each person's name, favorite food, favorite color, and state.

1. Ada and Eaton live in the east.
2. Hill and Carmella don't like sweet foods.
3. Daniel and Farmer don't like brownish colors.
4. The man who lives in Maine went to school with Brian.
5. The Nebraskan doesn't like reddish colors.
6. Hill's favorite color doesn't have any of the same letters as her name.
7. Carmella doesn't like red, but that's the lemon pie eater's favorite color.
8. Eaton's favorite food is not lemon pie.
9. The kidney bean eater does not live in Nebraska.

Solution to last week's puzzle:

On The SPORT SCENE...

REMINDERS . . .

TOMORROW NIGHT IS THE NIGHT — The night to attend the "Mr. & Mrs. Smoker" at the BK Club, 7:00 p.m. A \$1 donation per person entitles you to food, refreshments, and games and prizes. Proceeds from this event will help support our softball team.

TWILIGHT GOLF LEAGUE CAPTAINS (and other interested golfers) are scheduled to meet **Monday, March 31, 3:30 p.m., Conference Room A** (North Office Building).
