

the Wheelagram

Materials Cleaning Systems Division
Wheelabrator-Frye Inc.

VOL. IV NO. 27

AUGUST 1, 1980

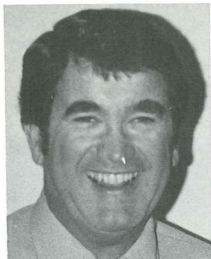

TEAMWORK — THE WHEELABRATOR WAY . . .

Thanks to a total cooperative effort, utilizing the expertise and materials provided by a number of our divisions and sister companies, our Mishawaka troops have made a significant sale to PACECO, Gulfport, Mississippi.

The about-to-be-built clean and paint facility is designed to handle weldments up to 150 feet in length and 30 tons in weight, used in the manufacturing of dockside cranes which are utilized for the on and off loading of shipboard containers.

Larry Holcombe
Customer Service

Aldo Sartor
Western Regional Manager
