## THANKSLIVING

The art of thanksgiving is thanksgiving. It is gratitude in action. It is applying Albert Schweitzer's philosophy: "In gratitude for your own good fortune you must render in return some sacrifice of your life for other life."

Employees of Wheelabrator join together in United Way's Super Campaign to see that the unfortunate in our community share the THANKSLIVING WE enjoy. During the United Way drive recently conducted here at the plant, WFI employees responded by topping the goal of \$59,313 by an excess of over \$1000 — a super job!

Due to current economic conditions, this year has been a challenge for all of us — and with our help the United Way is working to meet that challenge.

But many people have needed, and still need, a little extra help to make it through this year. That's why the services of United Way agencies have been in such demand — and why it's so important that the community reach its 1981 goal.

As of Sunday, less than \$200,000 was needed to make the \$2.6 million goal. To make it happen, we're all joining together in a Super Campaign. For one week we are making a special appeal to raise the necessary dollars needed to make the goal.

Already the employees of the University of Notre Dame and the Bendix Corporation have committed themselves to this extra effort — as have many other businesses in the community.

We're joining the community-wide effort. Let's dig deeper than ever before. We're asking you for \$5, \$10, or whatever you can give, to make it happen. Fill out the coupon below or see your area United Way committee person. **WE CAN MAKE THE DIFFERENCE!**
