Congratulations to **Jill Baugher** and **Laura Sloan**, the 1982 recipients of the two university scholarships annually awarded by our division.

Laura, recipient of the Verne E. Minich "Founders Scholarship" — named after Wheelabrator's founder and first president — plans to concentrate on a pre-law program with an emphasis on language. Ranking 16 in a class of 468 at Penn High School, Laura served as treasurer of the National Honor Society; was a member of the French Club; concert choir; Powder Puff team; and cheerleading squad.

Ranked sixth in a class of 373 at Mishawaka High School, Jill will enter the College of Science at the University of Notre Dame as the recipient of the Otto A. Pfaff Scholarship, named after our company's second president, where she plans a double major in math and computer science. She served as president of the National Honor Society; vice president of the Spanish-Latin Club; and treasurer of the a cappella choir. Active in her church, she is a member of the folk music group.

ARE YOU BILINGUAL? Saint Mary's College is preparing to compile a linguistic-ethnic directory which will list, according to the languages involved, those residents who can use in some way or other — and to any degree — those languages. The directory should provide a valuable service to any private or public institution or citizen in need of an interpreter, translator, or an ethnic-cultural informant.

Within the next week or two, our International Administrator **John Stewart** will contact each department for the info needed to have our employees (who would like to be listed) participate in this project.
